(working on prospects list to sign up new members)
 - h. Other suggestions?

The purposes proposed for the Ivy Community Association in its draft articles and bylaws include:

- Creating and providing programs designed to enhance neighborhood and community relations, and to educate citizens in regard to the history of the Ivy area and community;
- Educating individuals and communities in regard to the preservation of farmlands, forest lands, open spaces, and the habitats required to support viable plant and animal communities and promote biological diversity;
- Educating individuals and communities in regard to the importance of protecting and ensuring water quality and quantity for the mutual support of human populations and ecosystems
