Re: Records pertaining to rezoning of Tax Map 58 Parcel 37

Dear Ms. Stockton:

The records sought in your December 31, 2002 request on behalf of the Ivy Community Association do not exist because the property described therein was never rezoned from Rural Areas (RA) to Light Industry (LI). I have attached a letter from Larry Davis, County Attorney, to the Albemarle County Board of Supervisors dated September 12, 2001 that explains the zoning history of the property.

If, after reading Mr. Davis' letter, you desire to inspect any County records, please make another request and identify the records with reasonable specificity. If you desire to inspect public notices of hearings of the Board of Supervisors or Board minutes, please direct your request to Ella Carey, the Clerk of the Board of Supervisors.

Sincerely,

Amelia McCulley, A.I.C.P.
Zoning Administrator
